

Creating Opportunities. Developing Knowledge

# Suppliers of Gas & LNG Expertise

Providing Commercial Opportunities & Solutions

Strategic Global Summits • International Exhibitions • Exclusive Networking • Hands on Training

[www.thecwcgroup.com](http://www.thecwcgroup.com)

CWC has an enviable reputation for quality Gas and LNG events that involve the industry's leading players to address the key issues facing the global energy sector.

We use our expertise to host world-renowned conferences, exhibitions, summits, training courses, executive briefings and gala dinners, with the annual CWC/WGI LNG award now acknowledged as the 'one to win'.

As well as providing insight into the industry, our events offer world-class networking opportunities where you can widen your contacts, showcase your products and services, share experiences and facilitate future business development.

### Benefits of Attending

- 💧 Government Ministers and leading global business heads are regular keynote speakers at our events, giving you the opportunity to question them first hand.
- 💧 Our mix of keynotes and panel sessions, creates an exciting environment for knowledge transfer, outstanding opportunities for networking and lively discussion.
- 💧 We have a reputation for creating gatherings for the people that matter and whose opinions count.
- 💧 The right fit – our conferences are attended by up to 400 senior delegates and our training courses have limited participation to ensure quality and interaction.
- 💧 Our international exhibitions provide an ideal platform to showcase your products and services, launch new technologies, and generate hundreds of new business contacts and sales leads.

### Capitalise on our Global Networking Opportunities

An ideal window of opportunity for you to meet and exchange views and experiences with your peers. Drum up business and come with commercial solutions to stay one step ahead of your competitors.

### Network and do business at our:

- 💧 International exhibitions
- 💧 Drinks receptions
- 💧 In-depth interactive workshops
- 💧 Lively round table discussions
- 💧 Exclusive site visits
- 💧 Speed networking
- 💧 Gala Dinners and Award Presentations
- 💧 Fun and informal golf tournaments

*"Shale gas is U.S. energy "game changer"*  
BP CEO

*"Shale gas will change the world"*  
Financial Times, May 24 2010

[www.cwcgas.com](http://www.cwcgas.com)

**WORLD SHALE GAS**  
CONFERENCE & EXHIBITION

3-5 November 2010 | Dallas-Forth Worth, TX

Organised in partnership with the International Gas Union (IGU) and American Gas Association (AGA), World Shale Gas is this year's most anticipated event for the strategic development of shale gas plays in North America and around the world.

-  **Uncover** the potential of shale gas worldwide
-  **Identify** international investment opportunities
-  **Ensure** you are first in line when global partnerships are being discussed

*In Partnership with:*

## SHALE GAS SERIES

**SHALE GAS SERIES**  
EUROPE SUMMIT

13-15 June 2011 | Poland

Dedicated to uncovering the investment opportunities for exploration and production of shale gas in Europe, this summit will investigate:

-  How much shale gas is there?
-  What is the quality and commercial viability of shale gas in Europe?
-  Is it economically feasible to embark on shale gas projects in Europe?
-  How will environmental concerns and laws impact Europe's fledgling shale gas industry?

**SHALE GAS SERIES**  
ASIA PACIFIC SUMMIT

TBC 2012 | Singapore

More Information to follow soon.

*"Shale gas discoveries will rock the world: huge discoveries of natural gas promise to shake up the energy markets and geopolitics. And that's just for starters."*

Wall Street Journal, 10 May 2010

**THE MEETING PLACE FOR THE WORLD'S SHALE GAS INDUSTRY**

## CWC is proud to be the Professional Conference Organiser of Choice for:

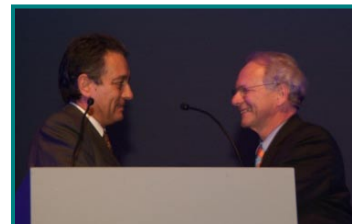

4-8 June 2012 | Kuala Lumpur

Held every three years, World Gas Conference (WGC) has earned its reputation as the foremost global event within the gas industry. Since its inception in 1931, the event has grown to be world's most influential international gas congregation. And with International Gas Union (IGU) as its patron, WGC is "conducted *by the industry for the industry*".

The **25<sup>th</sup> World Gas Conference**, to be held in Kuala Lumpur, will be the culmination of the various studies and programmes undertaken during the course of the 2009 - 2012 Triennium, for the betterment and development of gas industry worldwide.

### ***THE LEADING GLOBAL GAS EVENT***

16-19 April 2013 | Houston, TX

**LNG 17** - 17<sup>th</sup> International Conference & Exhibition on Liquefied Natural Gas - will take place from **16-19 April 2013** at the unrivalled George R. Brown Convention Center in Houston, Texas, USA.

As the "**energy capital**" of the USA, Houston is well positioned to be the host city for this prestigious event. With its **direct air service from 66 international cities**, its **60,000 hotel rooms**, 100 different spoken languages, more than 8,000 restaurants and **2-million square foot exhibition center**, Houston looks forward to bringing together members of the global LNG community with representatives of the world's largest natural gas consuming market, the United States.

### **Why attend?**

- The LNG series is an unmissable date in the LNG calendar
- Fantastic commitment already from the highest level within the industry and government
- The only global event created *by the industry* bringing together the entire LNG value chain
- Houston is the ideal host city with state-of-the-art venues, facilities and hotels
- LNG 17 will be the biggest and best LNG event to date!

***THE GLOBAL EVENT FOR THE GLOBAL INDUSTRY***

# CWC School for Energy

Training for the Competitive Edge

CWC School for Energy provides high-level training courses to the energy sector and is widely acknowledged within the industry for quality and up-to-date information.

We offer the perfect opportunity for you to increase your professional knowledge and improve your career progression, giving you a competitive edge.

The diversity of our locations and extensive range of courses attract truly international participants guaranteeing unrivalled knowledge transfer and valuable networking.

*"This is a highly interactive, informative and interesting course & should be made compulsory training to anyone employed in the LNG industry."*

Linda Ramal, Atlantic LNG Company of Trinidad & Tobago

## Our extensive portfolio of energy training courses are:

- 🔹 **100% focused** on the energy industry
- 🔹 **Delivered by recognised industry experts** including Andy Flower, David Ledesma, Thomas Valentine and Pat Roberts
- 🔹 **Highly interactive** – using relevant case studies and cutting-edge development techniques
